ARE OPPOSED TO McCLELLAN

New York Democrats Will Not Name Him for Mayor.

New York, Sept. 23.—Hugh McLaughlin, the democratic leader of Kings county, authorized the statement today in view of the conflicting reports circulated regarding a portion of Kings county democrats on the proposed nomination of Congressman George B. McLellan for the mayoralty, that he was willing to say that it is true the Kings county organization regards the proposed nomination of McLellan as inadvisable because of McLellan's intimate relation to the leader of Tammany Hall and the fact that he is not known to the public as a strong man personally. Should Leader Murphy insist on McLellan's nomination in face of the opposition of Kings county, he would, in McLellan's opinion, incur the wholly unnecessary risk of defeat at the polls.

MISS LOO LIN ADMITTED.

New York, Sept. 23.—Mrs. Loo Lin, the Christianized wife of a Chinaman in business here, and who has been the subject of much correspondence between government officials and her missionary friends, finally has reached Mott street, exactly five months after leaving the Canton Baptist Academy. All her troubles in getting into the country were because she did not carry with her from China the proper passports. She came with the credentials of a merchant's wife. Mrs. Lin was detained in San Francisco, but the Canadian Pacific railway put up a \$1000 bond, under which she was allowed to go on to Montreal. Last month passports identifying her as a Christian missionary teacher arrived, but it was not until Monday that she went before a United States inspector at Malone, N. Y., to be passed upon. She was warmly welcomed upon arriving in Chinatown.

SCROFULA A DISEASE WE INHERIT.

Scrofula manifests itself in many ways. Swelling of the glands of the neck and throat, Catarrh, weak eyes, white swelling, offensive sores and abscesses, skin eruptions, loss of strength and weakness in muscles and joints.

It is a miserable disease and traceable in almost every instance to some family blood taint. Scrofula is bred in the bone, is transmitted from parent to child, the seeds are planted in infancy and unless the blood is purged and every atom of the taint removed Scrofula is sure to develop at some period in your life.

Scrofula appeared on the head of my little grandchild when only 18 months old, and spread rapidly over her body. The disease next attacked the eyes and we feared she would lose her sight. Eminent physicians were consulted, but could do nothing to relieve the little infant. It was then that we decided to try S. S. S. That medicine at once made a speedy and complete cure. She is now a young lady, and has never had a sign of the disease to return.
MRS. RUTH DEBKLY,
Salina, Mo.

No remedy equals S. S. S. as a cure for Scrofula. It cleanses and builds up the blood, makes it rich and pure, and under the tonic effects of this great Blood Remedy, the general health improves, the digestive organs are strengthened, and there is a gradual but sure return to health. The deposit of tubercular matter in the joints and glands is carried off as soon as the blood is restored to a normal condition, and the sores, eruptions, and other symptoms of Scrofula disappear. S. S. S. is guaranteed purely vegetable and harmless; an ideal blood purifier and tonic that removes all blood taint and builds up weak constitutions. Our physicians will advise without charge, all who write us about their case. Book mailed free.
